Council of the Municipality of Oliver Paipoonge  
Box 10 Murillo, ON  
P0T 2G0

Dear Mayor and Members of Council,

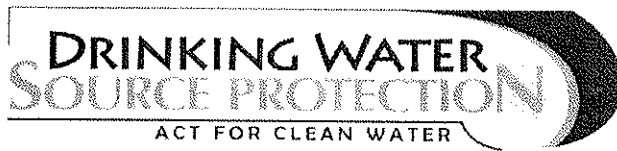

Oliver Paipoonge Library has received the opportunity to apply for Community Access Program (CAP) funding. This program was created by Industry Canada to provide the public with assistance in Internet use, particularly to access government websites and services in libraries. Funding is designated for two youth workers for a seven month contract. This is beneficial because it creates additional library services and increases the library hours substantially.

Although the grant covers 100% of the costs, it is dispersed on a monthly reimbursement basis, which requires our library to outlay the expense of six weeks wages before the refund cheque arrives. As a result of our current financial position, we cannot cover this \$2000.00 cost. In addition, if we decline this year's grant, we will lose our standing on the funding list and may not be eligible to apply in the future.

On behalf of the library Board, I would like to request Council's assistance in this matter. A loan of \$2000.00 is required, to be paid back upon receiving the final reimbursement cheque in April 2011. The total value of this grant is \$10,785.00 and we prefer not to turn down the considerable benefits of this opportunity.

Thank you for your consideration,

Maxine McCulloch, CEO  
Oliver Paipoonge Public Library

July, 2010

Dear Council Members

We, the Murillo Mudhens Junior Lady's Fastball team, are very excited to announce that we have qualified for the Western Canadian Finals taking place August 5-8, 2010.

Murillo Mudhens Ladies Fastball was formed from the combination of the Murillo Minor Athletic Association and the Kakabeka Rural Baseball in 2000. It was created to give young ladies a chance to play fastball at a competitive level. Our team is made up of 13 players. Currently the youngest is 14 and the eldest is 23. Since its inception the Mudhens have competed in multiple tournaments in Ontario, Manitoba and the USA annually.

The Mudhens are associated with Softball Manitoba and have recently competed in and won the Manitoba Provincial Championship for Junior B Women. This championship has qualified us to represent Manitoba (and Oliver Paipoonge) in the Western Canadian Championship Aug 5-8 2010, giving our team the chance to compete against some of the finest fastball teams in Western Canada.

We are overwhelmed by our good fortune, but as you can imagine with this opportunity comes a great deal of expenses. We are asking you to help the young ladies of our community in raising funds to be able to compete in this championship.

Attached, we have included a donation/sponsorship form for your convenience. Thank you for your time and should you have any questions, please feel free to contact us.

Sincerely,

Dan Reid

July 9, 2010

To Mayors and Councils,

We are writing to ask that you and your Council endorse a day of recognition for the many people who work providing care to children in your community. This year will mark the 10<sup>th</sup> Anniversary of our Awareness Day which recognizes the education, skills, commitment and dedication of Early Childhood Educators and Child Care Staff.

The Ontario Coalition for Better Child Care (OCBCC), the Canadian Union of Public Employees (CUPE) and our other labour partners representing child care workers across Ontario are asking that Wednesday October 27, 2010 be proclaimed as *Child Care Worker & Early Childhood Educator Appreciation Day* in accordance with the attached resolution.

Many groups are recognized by way of Municipal Resolution. Such a day allows the community to recognize the work of various groups and to acknowledge the contributions they make in the lives of community members.

Many children, families and communities benefit from the work of child care workers. Child care also contributes to the economic life of communities. Research shows the many economic benefits accrued from affordable, accessible high quality child care. These benefits come from the number of people employed in the child care industry and because the availability of child care allows parents to work and to contribute to the economic life of society.

Even if your Council does not issue official proclamations, there are many ways for your municipality to participate in and celebrate this special day. We ask your Council to sponsor public announcements, display our posters and distribute buttons. Many municipalities also organize events and contests for the day or have Councillors or the Mayor participate in events hosted by child care centres within the municipality. A list of ideas and examples is attached.

We hope that your proclamation of this day of appreciation, or your active support, will encourage and promote a day of community recognition for child care workers. Please fax the attached order to request posters and buttons to help you raise awareness and celebrate.

Please advise us of your participation in this day of recognition so that we can acknowledge your community's role in celebrating child care workers across Ontario on October 27<sup>th</sup>. Please direct any correspondence on proclamations and/or celebration activities to the attention of Kathy Johnson, by mail: CUPE, 305 Milner Avenue, Suite 800, Scarborough, ON M1B 3V4, or by fax: 416-292-2839.

Thank you for your consideration.

# **10<sup>th</sup> Annual Child Care Worker & Early Childhood Educator Appreciation Day**

**October 27, 2010**

## **Resolution**

**Whereas** years of research confirm the benefits of high quality child care for young children's intellectual, emotional, social and physical development and later life outcomes; and

**Whereas** child care promotes the well-being of children and responds to the needs of parents, child care workers and the broader community by supporting quality of life so that citizens can fully participate in and contribute to the economic and social life of their community; and

**Whereas** many studies show trained and knowledgeable Early Childhood Educators and Child Care Staff are the most important element in quality child care, and that good wages and working conditions are associated with higher job satisfaction and morale, lower staff turnover which leads to high quality education and care;

**Therefore Be It Resolved** that October 27, 2010 be designated the 10th annual "Child Care Worker & Early Childhood Educator Appreciation Day" in recognition of the education, dedication and commitment of child care workers to children, their families and quality of life of the community.

**Subject:** Input requested from your Council

Good morning:

NOMA has been invited to participate in an infrastructure consultation at the end of August. The discussion will provide input to the development of a 10-year infrastructure plan for the Province of Ontario.

In an effort to present the views of our membership, please provide your responses to the following questions:

1. What types of public infrastructure assets do you or your organization use most?
2. What are the key economic and social trends that you think will most affect the province's infrastructure needs over the coming decade?
3. Given the deficit challenges Ontario faces, what do you think the most important infrastructure investment priorities should be in the next 10-years?
4. In your opinion, how could we transform the delivery, financing or management of infrastructure to better meet provincial needs?

Responses must be received by August 20<sup>th</sup>.

Thank you for your assistance.

Dear Mayor, Council and Staff:

Council would like to cordially invite Council Members and Staff and their families to join us as we celebrate the grand opening of our new Municipal office at 330 Highway 595. We will be hosting this event in conjunction with our 10<sup>th</sup> Annual O'Connor Day Celebration to be held on Saturday, August 28, 2010 (rain date Sunday, August 29<sup>th</sup>).

Please join us at 2:00 p.m. for a ribbon cutting ceremony followed by cake and refreshments in the new Municipal office building and then make plans to stay and join us as we kick off our O'Connor Day celebrations at 3:00 p.m. During the day we have many different fun activities planned for both adults and children including a horseshoe and cribbage tournament, buck saw contest, paintball gallery, children's carnival, inflatable jumper, tractor rides, attendance draws, a live band, various displays running during the day and to end the evening, a wonderful display of fireworks. We also provide a BBQ that is open all day with food prices kept low to ensure the event is fun and affordable for everyone.

Please call the Township office at 476-1451 if you have any questions or visit the Township's website in August at [www.oconnortownship.ca](http://www.oconnortownship.ca) for the full schedule of the day's events.

Hope to see you there.

Dear Mayor Kloosterhuis,

The Ontario Heritage Trust is pleased to invite your council to participate in our 2010 volunteer Recognition Programs, including the Heritage Community Recognition Program, Young Heritage Leaders Program and the Community Leadership Program. With these Recognition Programs, municipal councils, regional councils, First Nation Band councils and Métis Community Councils can recognize community efforts to preserve Ontario's heritage.

As Chairman of the Trust, I appreciate the efforts of individuals, groups and communities who help preserve Ontario's unique and irreplaceable heritage treasures. I encourage you to work with your local Municipal Heritage Committee, Conservation Authority, historical societies, museums, land trusts and other local groups to identify individuals, groups and youth that are deserving of recognition. Staff and volunteers in your community may help you to identify citizens who are making or who have made exceptional contributions to heritage conservation.

To provide you with further details, enclosed are brochures for our 2010 Recognition Programs. **The nomination deadline for all programs is Friday, September 15, 2010.** Also, you will find more information and nomination forms on the Trust's website at [www.heritagetrust.on.ca](http://www.heritagetrust.on.ca). If you have any questions, please do not hesitate to contact Amber Bondy, Community Programs Officer at 416-314-4907 or [amber.bondy@heritagetrust.on.ca](mailto:amber.bondy@heritagetrust.on.ca).

I encourage your council to participate in these programs and celebrate the work being done to preserve and promote heritage in your community.

Entry or surveillance (by any means) onto/into/of all private land/property shall be by appointment only and at the expressed written consent of the property/land owner. All acts of intrusion or surveillance (by any means) without consent shall be considered a criminal act.

We, the members of the Ontario Landowners Association understand the *"force, effect and authority"* granted in the Crown Land Patent Grants to all of the *original Grantees/Patentees, their heirs and assigns for ever*, regardless of orders-in-council, legislation, regulation, policy, by-law, etc. The political "will" and any representative or agent of the Crown or non-government agency that has or will create any act of intrusion or designation, and those that have given approval of these acts, at all levels of government, are in violation of the authority established by the Letters Patent.

We, the property/land owners shall uphold the law as guaranteed under contract and common law, and the property/land owner shall stand on their "force, effect and authority" of their Crown Land Patent Grant. As expressed in the Midland Free Press, May 19, 2000.

*"Public "user rights" over private property only become legal rights upon a successful application to the court initiated by the Attorney General."*

Any level of government or non-government agency, their representatives or agent that violates the law, rights and privileges granted to the people by the Crown Land Patent Grant will be met with as much force as necessary to affect our purpose of upholding and enforcing those laws, rights and privileges grant to the people. Arrests found committing shall be made and/or warrants of arrest shall be issued where deemed necessary.

You are further instructed to ensure that the laws, rights and privileges granted to the people by the Crown Land Patent Grants are not violated by any disrespect of these private land/property owner's authority or rights and not to inflict financial encumbrances through property devaluation, fees, taxation, fines, court costs, etc.

GARY MCNAMARA

July 28, 2010

Dear AMO Members:

## Request for Your Support

On April 19, 2010, I wrote to introduce myself and indicated my intention to stand for the position of President of the Association of Municipalities (AMO) for the term 2010-2012. I am pleased to confirm I am now registered as a candidate for President in accordance with the bylaws of the Association.

Many of you know me from the various committees I have been involved with at AMO over the last number of years or have met me at various conferences and events. However, there are also many of you I have not yet had an opportunity to meet.

While seeking your vote at the AMO Conference in Windsor, I am also asking for your trust that I have the understanding, knowledge and commitment to lead this organization for the next two years. Therefore, I would like to take this opportunity to set out what I believe are the challenges which lie ahead for municipalities and how, as President, I will work with you to advocate our needs, interests and solutions.

## Working Relationships and Partnerships

Over the next term of office, we will face our own municipal elections as well as those at the Provincial and Federal levels of government. AMO has a long tradition and track record of working with both senior levels of government, regardless of which party held the mandate of the people. This is a tradition and a responsibility I hold in high regard and will continue to champion.

As President I will, on behalf of the AMO membership, work to ensure our organization is a strong and effective voice that is heard and respected by senior levels of government, but also the private and non-profit sectors with which we interact. My objectives are to:

- Work as a partner with the senior levels of government in the delivery of services and infrastructure and responding to the needs of the one taxpayer.
- Advocate the interests of municipalities, whether to articulate and solve problems or to bring forward new ideas.
- Build partnerships with other organizations of similar interests.
- Be vigilant and hold the senior levels of government accountable for their existing commitments and I will challenge and/or support appropriate new legislation and programs which will in anyway impact the interests of the municipal sector.

The legislative and economic landscape has changed significantly since the Memorandum of Understanding was signed with the Province of Ontario. Nowhere are the truisms that "all politics are local" and there is "only one taxpayer" more real than at the municipal level.

Municipalities were the first to experience the impact of the recession with the closing of businesses and reduced assessments of manufacturing facilities, as well as rising social assistance costs and lower tax revenues. At the same time we were charged with more responsibilities to host new energy facilities, provide zoned, serviced land for development, build transportation, recreational and green infrastructure to support growth and implement new environmental standards and regulations.

The Provincial and Federal governments have placed high priority on rebuilding the economy, deficit reduction/elimination, energy self sufficiency and environmental protection. Yet they have not reached out to our sector in a comprehensive and partnership manner. For example:

- Funding for social programs remains largely on the property tax base without any commitment to accelerate the upload or provide a "fiscal backstop" as social assistance rates remain at high levels and in some cases are continuing to increase.
- A new form of downloading is occurring as hospitals seek funding from the property tax base in order to move forward with major expansions.
- Recent stimulus packages have provided some relief to the infrastructure back log, but overall the municipal sector continues to face significant deficits.
- Energy rate structures and projects remain in flux and opposition continues to increase against new facilities.
- Demands for waste reduction and diversion continue to increase and programs lack clarity and financial support.
- Land use, planning and environmental regulations and plans have been put in place and municipalities have been charged with the responsibility for implementation and defense.
- Major economic development proposals are put forward such as the Ring of Fire without the necessary commitments to ensure supporting infrastructure is constructed and value added processing jobs are retained locally.
- New expectations from the Provincial government have been announced that the municipal sector must play a role in public sector wage restraint without providing the necessary tools and support.
- Housing affordability continues to be a challenge for many municipalities.

Municipalities have the responsibility for management of the waste stream (garbage and bio-solids) including its reduction, recycling and disposal. The recent problems with Stewardship Ontario will have a major impact on the credibility and public trust of our systems.

If municipalities are to contribute to these priorities, it needs the tools and fiscal support that can only be achieved through a true partnership.

The Memorandum of Understanding with the Province should not be seen as a static document or perfect. In fact, the issues I have outlined above point to its flaws and weaknesses and opportunities to strengthen. Therefore, one of the priorities for the next term of office is to evolve the Memorandum and relationship with the Province to one of a true partnership. Such a partnership must provide us with more effective tools and fiscal support. Increasingly, both levels of government have created arms length institutions and organizations to manage and deliver services, such as the case of Stewardship Ontario, yet their programs, services and decisions impact our sector directly.

### **Building the Strength of AMO**

Ontario is diverse geographically, socially, demographically and economically. While the membership shares a large number of common goals and needs, there are also more diverse needs. AMO's strength lies in its inclusiveness and the ability to champion a wide range of interests whether those of rural and Northern Ontario, Cities, Regions and Francophone municipalities or those with agricultural, resource, manufacturing or tourism based economies. Some municipalities are experiencing significant growth while others struggle to retain and attract residents and economic investment.

That diversity can best be reflected through the support from our excellent staff team but equally important through the direct involvement of the member municipal representatives on standing committees and task forces. As President, I will continue to build the knowledge and advocacy strength of the Association.

At the end of the day, whether in our role as municipal elected officials or members of AMO, we are accountable to the electorate. Often we talk about the single taxpayer, but we often forget that the taxpayer sees but one government. In the simplest terms, they have a need or problem to be solved and they don't want to get lost in a debate of which level is responsible. I believe that AMO must play a larger role in public education and ensuring the people who elected us don't get lost in the "black hole" of who does what.

The Provincial and Federal elections are opportunities to communicate the needs and interest of municipalities to all political parties, the public and media. While there are a number of on going priority issues as President, I will reach out across the membership to update and identify the full range of issues that should be put forward for discussion, debate and action.

### **Why Gary McNamara for AMO President?**

While a Mayor and a member of Essex County Council, I am a citizen of Ontario. I also know and understand AMO having served the organization in a number of capacities including membership of the AMO Board, Past Chair and present Board Member of Ontario Small Urban Municipalities, Chair AMO LAS, Chair AMO Energy Task Force.

The next President of AMO will be charged with the responsibility of guiding our Association and the members through difficult and challenging times. I believe I am the right candidate with the right skills and understanding of these challenges. Moreover, I bring to the table an understanding of the issues and needs that bind us together as an association, and I understand everyone's unique and diverse needs.

I invite you to contact me directly at 519-735-2184 x 115 or email me at gmcnamara@tecumseh.ca with any concerns or comments you may have. In addition, I have secured a hospitality room at the conference and I encourage you to drop by to talk, ask questions and get to know more about me.

Thank you for your time. I would be honoured to have your support.

Sincerely,

Gary McNamara  
Mayor  
Town of Tecumseh
